Interview on Adverse Childhood Experiences: Research & Implications

June 8, 2016 | 2pm ET • 1pm CT • 12pm MT • 11am PT

Register: <http://tinyurl.com/PHandMEBWebinar3>

Deborah Faust will interview Heather Larkin on adverse childhood experiences research, implications, and the development of an ACE Response collaborative in the Capital Region of NY that is part of a national movement.

After the webinar, participants will be able to:

- Discuss the research on adverse childhood experiences (ACEs).
- Explain possible consequences of ACEs and implications for policies, programs, and treatment.
- Describe examples of ACE Response collaboratives.

This webinar series is produced by:
