

THE CHILDREN'S MENTAL HEALTH CONFERENCE SERIES PRESENTS:

EVIDENCE-BASED ASSESSMENT AND TREATMENT APPROACHES FOR SUICIDAL BEHAVIOR AND NON-SUICIDAL SELF-INJURY IN ADOLESCENTS

- Increase comfort in talking to adolescents and their caregivers about suicide and non-suicidal self-injury (NSSI)
- Learn to conduct a comprehensive risk assessment for adolescents using evidence-based assessment tools
- Develop an individually tailored safety plan using evidence-based treatment approaches and determine when to refer for a higher level of care
- Learn how to conduct a functional analysis of NSSI and suicidal behavior to use in treatment

When is the conference?

Thursday, May 26

9am-12pm

Live Zoom Webinar

Who should attend?

This conference is for professionals working in the mental health field. Licensed Social Workers, Mental Health Counselors, Creative Arts Therapists, and Marriage and Family Therapists are eligible to receive **3 Continuing Education Hours**.
