

**Mental Health  
Community Partners**

## Be a Mental Health Community Partner Site

### Available Across New York State

Mental Health Community Partners (MHCP) support the recovery of adults with serious mental illness and youth aged 12+ with serious emotional disturbance.

### By Being a Partner Site

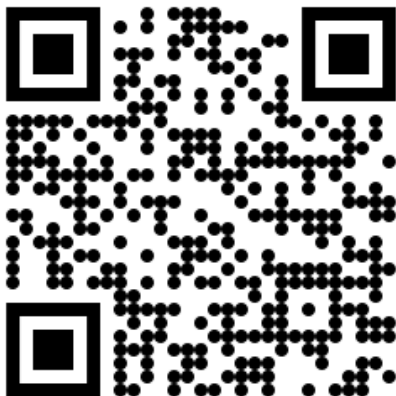

An organization utilizes a next generation of behavioral health solution for youth and adults managing serious behavioral health conditions.

*Be a part of the solution for leveraging community support!*

## ACT NOW

Agencies are eligible to offer Mental Health Community Partners Training to selected staff, free of charge. Typically costs \$2,000 per person!

- ✓ Leverage community partnerships
- ✓ Bring together families and peers
- ✓ Build connections and support recovery
